

REFUSE TO ANSWER TARIFF INQUIRIES

Sen. LaFollette Tells Senate That Only 66 Out of 2,500 Manufacturers Will Give Information.

WASHINGTON, Aug. 2.—Most of the manufacturers of the country have ignored the lists of questions sent them by the senate finance committee in regard to their industries and the probable effect upon them of the democratic tariff revision.

Sen. LaFollette told the senate Friday that only 66 replies had been received to the 2,500 sets of questions mailed by the committee to manufacturers who had protested against proposed rates of duty and suggested that the manufacturers must be confident of not being hurt by the new tariff or else were not altogether frank.

The Wisconsin originator of the idea of sending out the questions with the hope of throwing light on tariff revision, had his own list mailed along with that of the committee. He declared Friday that the few replies received afforded little information, particularly concerning the comparative cost of production in the United States and competing countries. The senator's remarks, his first during the tariff debate were made in opposing an attempt of Senators Dillingham and Page of Vermont and Sen. Gallinger of New Hampshire, to increase the proposed reduced duties on granite.

The amendment was defeated 19 to 44. Earlier in the day Sen. Gronna concluded his criticism of the tariff bill and Catron of New Mexico attacked them as a dangerous piece of legislation.

CANTON TROOPS TO ATTACK THE REBELS

Hope to Inflict a Crushing Defeat and Save Canton From a Possible Conflagration.

PEKIN, Aug. 2.—The announcement from Canton that three divisions of Cantonese troops are preparing to march against the northern forces is welcomed in Peking, as government officials say they will anticipate their coming and it will enable government troops to inflict a crushing defeat on the rebels without risking the sacking and perhaps the burning of Canton City and the disorganizing of southern trade.

Provisional Pres. Yuan Shi Kai issued a manifesto Friday asserting that most of the supporters of the rebellion belonged to the Kwo Ming-Tang party and he demanded the cancellation of the rebellion. Threatening that the law would be sternly enforced if he received an unsatisfactory reply. The president, also ordered Yuan Chin Kwei, commander in chief of the government forces in the Yang-Tsi river region to arrest and punish the rebel leaders. Dr. Sun Yat Sen, as in the previous proclamation issued by the government, was again mentioned in Yuan Shi Kai's manifesto.

PRINCE DIDN'T KEEP PROMISE

Woman Claims That Scion of Austrian House Had Agreed to Marry Her.

LOS ANGELES, Aug. 2.—Mrs. Clara Melcher, proprietor of a laundry in Vienna, appeared Friday before Charles T. Connell, United States immigration inspector, and was interrogated relative to her coming to this country and to the claims she declares she has against Prince Stanislaus Sukowski, a nephew of the grand duke of Berlin, a scion of a noble Austrian house. The prince was married last Monday night to Miss Maude Louise Freede, daughter of a retired millionaire, with a quiet ceremony, plans for a brilliant church wedding having been suddenly changed.

An attorney who was first approached by Mrs. Melcher and then retained by the prince said he had suggested to Mr. Freede, the prince's father-in-law, a payment of five or ten thousand dollars in settlement of the woman's claims, but Mrs. Melcher, through her lawyer, declared she must have not less than \$50,000. In the meantime the prince and his bride are on their wedding trip, but where, no one outside the Freede family knows. Mr. Freede vouchsafed only the information that the prince and the princess were out of the country.

Inspector Connell declined to comment on the case saying merely that it had been brought to him for investigation under the federal law prohibiting the importation of women.

Mr. Freede asserted the demands of the woman had not caused the change in the announced wedding plans of the prince and his daughter.

TRAMPS ON U. S. FLAG; DISMISSED; TAKEN BACK

Member of Saskatoon Militia Upheld by Fellow Members After Court's Ruling.

SASKATOON, Sask., Aug. 2.—A member of the Saskatoon militia was Friday tried by court martial and discharged from his regiment for tramping an American flag under his feet during a parade Thursday night. The members of the regiment threatened to resign if the dismissal of their comrade was allowed to stand, and the offender was at once reinstated. When the 165 Fusiliers were marching down the main thoroughfare of the city, a young girl in a passing automobile waved an American flag in front of one of the members of the bugle band of the regiment. A man broke ranks, caught the flag, broke the staff in two and trampled the flag under his feet, most of the regiment passing over it also.

MINING TOWNS SHOW RESULTS OF STRIKE

Merchants Are Considering Adviseability of Closing at Noon. Eight Men Arraigned in Court.

CALUMET, Mich., Aug. 2.—Armed guards Friday night were withdrawn from patrolling the Portage lake bridge, connecting Houghton and Hancock, the fear of authorities that there was a dynamite plot on foot in connection with the strike of copper miners having subsided somewhat.

It had been asserted by the officers in charge of the strike patrol that an attempt was on foot to sack the explosive vaults of the mining camps, and a corps of soldiers was placed on the bridge to scrutinize all persons who passed.

The eight men, arrested at Red Jacket, were arraigned in a Houghton justice court, evidence was presented and their preliminary hearing was set for Aug. 11. Joseph Miplich, from whom a capped stick of dynamite was taken, was held under \$3,000 bond and the bail of the others was fixed at one-third that amount. None of them furnished the security.

Friday's court proceedings took place in a room crowded with armed deputies, friends of the defendants and representatives of the mining companies. Commercial conditions in the strike zone are steadily growing worse. Some local merchants are considering the advisability of closing their stores until noon each day, others have abandoned their delivery systems and reduced their clerk force. The village of Laurium had a depleted treasury. Collections to date on the tax roll of \$33,000 have totaled less than \$2,000.

INDIANA TO FIGHT HOOKWORM PLAGUE

INDIANAPOLIS, Aug. 2.—The state board of health has laid plans for a thorough investigation of the supposed prevalence of hookworm in southern Indiana. If the disease is found there an immediate campaign to eradicate it from the state will be begun, say health authorities.

While it is believed true that hookworm exists in the southern counties, it has not been definitely proven, and Kentucky health authorities, who have had long experience in combating the disease are to be called on to prove that a statement of Dr. Lillian South, made some time ago at a health meeting, is true. Dr. South, state bacteriologist of Kentucky, said that 10 per cent of the cases of hookworm she has found originate in Indiana.

Dr. South is to bring her evidence before the Indiana State Medical association at its annual meet at West Baden Sept. 25 to 28.

SHOOTS PLAYMATE WHO HIT HIM WITH A STONE

CHICAGO, Aug. 1.—Genaro Raffaele, six years old, was taken into custody by the police Friday and confessed that he shot and mortally wounded James Paulillo, five years old, in the rear yard of 302 S. Morgan Thursday. The boy said he shot the victim because the latter struck him on the head with a stone a week ago. The Raffaele boy demonstrated with an air rifle how he had inflicted the wound.

JOHN T. NIEZGODZKI.

The man most capable to perform the duties of mayor of a large city is the man who has built up a successful business and conducted it along lines of honesty and integrity. Mr. John T. Niezgodzki has built up just such a business. Solely through his own efforts he has become one of South Bend's most substantial and most respected citizens.

Mr. Niezgodzki is a candidate, who, because of his wide experience, both as an employer and an employee, is especially fitted to guard the privilege of labor as well as capital. Because of his residence of forty years in this city, and because he has always taken a keen interest in civic and political affairs, he is peculiarly fitted to carry into effect much needed reforms.

Mr. Niezgodzki is a lifelong Democrat. He has never held any political office, except an appointment to the Board of Public Safety under Mayor Fogarty where he conducted his office in such a manner as to secure the endorsement of the Mayor and the general public.

If given the Democratic majority nomination on August 6th and elected in November, Mr. Niezgodzki promises to give the citizens of this city a thorough business administration. His appointments to office will be determined by the qualifications of each candidate and not by political or personal motives.

THE SECOND DRIEST IN THIRTY YEARS

TOPEKA, Aug. 2.—The month of July, 1913, was the second driest month since the local weather bureau was established 39 years ago. The total rainfall was 1.57 inches. In 1887 the total rainfall for July was 1.06 inches. Kansas streams that have never been known to go dry are now dry. More than 20 Kansas towns have been compelled to shut off all water for lawns and a dozen towns have hardly enough water for domestic supplies. The Kansas river is the lowest ever known, standing at 3.3 feet. Central Kansas is hauling water for stock.

LUMBER COMPANY IS HEAVY FIRE LOSER

Seventeen Houses and Millions of Feet of Lumber Burnt at New Albany.

NEW ALBANY, Ind., Aug. 2.—Fire which destroyed the plant of the Wood Mosiac Flooring Co. and its lumber yards together with 17 houses did damage estimated at more than \$300,000 here Friday. More than two million feet of lumber, six dry kilns and thousands of logs were burned. The company carried \$210,000 insurance on the plant. The fire originated in the saw mill and spread rapidly to the planing mill. A brisk southwest wind carried the blaze to the cottage on the west and south of the plant which were soon in flames.

Such progress had the flames made when the blaze was discovered that the fire department was powerless to cope with the fire. While firemen were endeavoring to save one of the buildings they were so closely crowded by the fire that they were forced to flee, leaving the 700 feet of hose.

Thomas J. Johnson, a member of the department, was badly burned about the arms and shoulders and was taken to St. Edward's hospital and James Lee and Stout Best, employees of the plant, were prostrated by the heat during the fire.

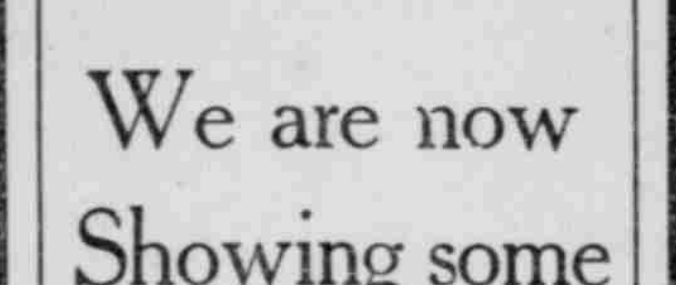

WIFE SUES FOR DIVORCE

James Hunt Is Charged With Cruelty and Non-Support.

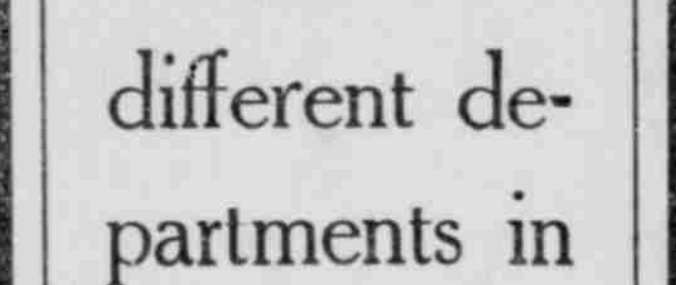

Charging cruelty and failure to provide Gertrude Hunt has filed suit for divorce from James Hunt in the superior court. They were married Nov. 6, 1909, and separated Oct. 13, 1910. The plaintiff asks the return of her maiden name, Gertrude Kremer.

The American Flag.
A Keepsake of the
Girls' White Dress
Parade.

What a fine sight it will be to see the girls in their spotless white dresses in the GIRLS' WHITE DRESS PARADE at Springbrook Park on Wednesday, Aug. 6th. Mr. Dailey will present each girl with an American Flag, which she will carry in the parade. After the judges have made the review, the girls will march to the stage near the playgrounds, where the girls will sing "My Country 'Tis of Thee," the song that every school girl knows. American Flags will float just above in the clear blue sky. Won't your heart beat just a little faster, and won't your pulses thrill at so patriotic a sight? Every American girl is a queen. Queen by virtue of her maidenly charm and sweet young womanhood. Mr. Dailey would like to give each one a diamond ring because of their worthiness, but of course he could not do that. The flag is far more precious trophy. Our fathers fought and died for it. Our mothers washed it with their tears. Our country sanctified it in rivers of blood. Could a more precious keepsake be given? Girls of the parade, hug that flag to yourselves and when you go home hang it on the wall in your own little room. Salute it with your morning smiles, and with your good night adieux.

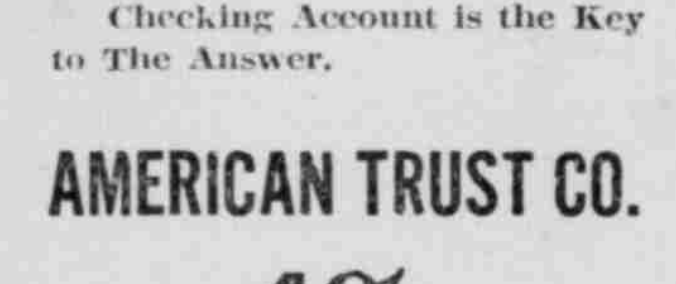

If you wish to enter the parade, just drop a postal to Mr. Dailey, Manager of Springbrook Park with your name and address.

St. Mary's Grounds
Not Open to Public
The authorities at St. Mary's have decided that hereafter the grounds of the institution will not be opened to the public. Owing to the imposition of some persons who have been freely allowed the use of the grounds, this decision has become necessary. The speeding of automobiles, besides, being a menace to safety, has also aided in damaging the drive-ways and shrubbery. Persons who have business with the institution, or have children in attendance there, will find no difficulty in enjoying the same privileges as in the past and they shall receive courteous attention at all times. Visitor's Received During the vacation months, visitors who wish to be shown through the buildings at St. Mary's will be accommodated on Tuesday's and Thursday's from 10 a. m. to 5 p. m.
